**License Duration:** The above prices are for a single one-year license (including updates and support) for each product listed. Each license allows the user to use the product on any supported version of OneSpace Modeling. Annual renewal pricing is approximately 75% of the first-year list price.

**Module Deactivation Options** allow licenses to be released without exiting the OS Modeling application. Module Deactivation Options are only available when at least five (5) seats of the corresponding module are purchased.

**Bundle and Volume Discounts available – please contact Aspiration Innovation for details.**
